FREELANCE SOFTWARE DEVELOPMENT AGREEMENT

FunnelsEye Platform Development Project

📋 AGREEMENT OVERVIEW

Agreement Date: July 18, 2025
Project Start: April 20, 2025
Project Deadline: August 30, 2025
Duration: 4 Months

🛡️ CONTRACTING PARTIES

CLIENT:

- **Company:** Cohtrix Empire International
- **Authorized Representative:** Sourabh
- **Email:** [client-email@cohtrixempire.com]
- **Contact:** [client-contact-number]

SERVICE PROVIDER:

- **Team Type:** Freelance Development Team
- **Project Manager:** Jaspreet Singh
- **Email:** [jaspreet-email]
- **Contact:** [jaspreet-contact]

DEVELOPMENT TEAM:

- Jaspreet Singh - Project Manager & Full Stack Developer
- Varun Kumar - Senior Full Stack Developer
- Kuljeet Singh - Frontend Developer
- Anshuman Kumar Nidhi - Frontend Developer

🎯 PROJECT SCOPE

Primary Objective:

Development of **FunnelsEye** - Advanced CRM & Automation Platform for coaching and wellness transformation businesses

Core Platform Features:

- ✅ Comprehensive user management system
- ✅ Automated workflow capabilities
- ✅ Integrated payment processing
- ✅ Advanced analytics and reporting dashboard
- ✅ Mobile-responsive interface design
- ✅ Third-party integrations (WhatsApp, Email Marketing)
- ✅ Secure database architecture
- ✅ Complete administrative control panel

📊 DELIVERABLES FRAMEWORK

🔷 MILESTONE 1 - FOUNDATION PHASE (30% Payment)

Foundation Deliverables:

- **System Architecture Document**
  - Complete technical design
  - Database schema and structure
  - API architecture blueprint

- **Development Environment Setup**
  - Version control repository (Git)
  - Development server configuration
  - Staging environment preparation

- **UI/UX Design Package**
  - Complete wireframes and mockups
  - User flow diagrams
  - Design system documentation

- **Technical Specifications**
  - Detailed feature documentation
  - Integration requirements
  - Performance specifications

- **Project Management Setup**
  - Weekly milestone timeline
  - Progress tracking system

- Communication protocols

◆ MILESTONE 2 - CORE DEVELOPMENT PHASE (20% Payment)

Core Platform Development:

- **Authentication System**
  - User registration and login
  - Password reset functionality
  - Role-based access control

- **Dashboard Framework**
  - Admin dashboard interface
  - User dashboard interface
  - Navigation and menu systems

- **Database Implementation**
  - Complete database structure
  - All tables and relationships
  - Sample data integration

- **API Development**
  - 70% of backend endpoints functional
  - API testing and documentation
  - Integration readiness

- **Frontend Development**
  - 50% of UI components completed
  - Responsive design implementation
  - Cross-browser compatibility

- **Integration Framework**
  - Payment gateway setup
  - Email service integration
  - Third-party API connections

Documentation Requirements:

- ✅ Complete API documentation
- ✅ Code documentation with comments
- ✅ Testing reports and bug fixes
- ✅ Comprehensive progress report

🔷 MILESTONE 3 - FINAL DELIVERY PHASE (50% Payment)

Complete Source Code Package:

- **Frontend Codebase**
  - All HTML, CSS, JavaScript files
  - React/Framework components
  - Asset files and resources

- **Backend Codebase**
  - Server-side application code
  - API endpoints and controllers
  - Business logic implementation

- **Database Package**
  - Database creation scripts
  - Migration scripts
  - Data seeding procedures

- **Configuration Files**
  - Environment configurations
  - Server setup scripts
  - Deployment procedures

- **Version Control Access**
  - Complete Git repository
  - Full commit history
  - Branch management documentation

Comprehensive Documentation Suite:

Technical Documentation:

- ✅ System Architecture Guide
- ✅ Complete API Documentation
- ✅ Database Documentation
- ✅ Code Documentation
- ✅ Deployment Guide
- ✅ Configuration Manual

User Documentation:

- ✅ Admin User Manual
- ✅ End-User Guide
- ✅ Feature Documentation
- ✅ Troubleshooting Guide
- ✅ FAQ Documentation

Production Deployment:

- ✅ Live platform deployment
- ✅ SSL certificate installation
- ✅ Domain configuration
- ✅ Server optimization
- ✅ Backup system setup
- ✅ Security implementation

Quality Assurance:

- ✅ Comprehensive testing report
- ✅ Bug-free certification
- ✅ Performance testing results
- ✅ Cross-browser compatibility
- ✅ Mobile responsiveness testing
- ✅ Security assessment report

Knowledge Transfer:

- ✅ 2-hour live training session
- ✅ Video tutorial recordings
- ✅ Admin training completion
- ✅ Technical training session
- ✅ Q&A and support setup

💰 PAYMENT TERMS

Payment Structure:

- **Total Contract Value:** [INSERT TOTAL AMOUNT] INR
- **Payment Method:** Milestone-based payments
- **Currency:** Indian Rupees (INR)

Payment Schedule:

🔷 **Payment 1 - 30% (Advance)**

- **Amount:** 30% of total contract value
- **Due:** Upon agreement execution
- **Purpose:** Project commencement and foundation phase

🔷 **Payment 2 - 20% (Mid-Project)**

- **Amount:** 20% of total contract value
- **Due:** Upon 50% project completion verification
- **Trigger:** Core development phase completion

🔷 **Payment 3 - 50% (Final)**

- **Amount:** 50% of total contract value
- **Due:** Upon complete project handover
- **Trigger:** All deliverables accepted and verified

Payment Processing:

- ✅ Payment due within 7 business days of milestone completion
- ✅ Written acceptance required from Sourabh for payment release
- ✅ All development expenses borne by service provider
- ✅ Production hosting costs responsibility of Cohtrix Empire

---

🔒 INTELLECTUAL PROPERTY OWNERSHIP

Complete Ownership Transfer:

Upon final payment completion, Cohtrix Empire International owns:

- ✅ All source code (frontend and backend)
- ✅ Database designs and structures
- ✅ User interface designs
- ✅ Documentation and specifications
- ✅ Business logic implementations
- ✅ Proprietary algorithms and features
- ✅ Any derivative works

Developer Rights Limitation:

- ❌ No ownership rights retained by development team
- ❌ No licensing rights for future use
- ❌ No distribution or modification rights
- ❌ No reference rights to proprietary features

Third-Party Components:

- ✅ Proper licensing documentation for all third-party libraries
- ✅ Commercial use permissions verified
- ✅ License compliance documentation provided
- ✅ No intellectual property infringement warranty

Non-Competition Clause:

- 🚫 **LIFETIME restriction** on developing competing CRM platforms
- 🚫 **PERMANENT prohibition** on participation in similar coaching automation projects
- 🚫 **INDEFINITE restriction** on providing services for direct competitors
- 🚫 **PERPETUAL ban** on creating or contributing to platforms with similar functionality to FunnelsEye

---

🔐 CONFIDENTIALITY & NON-DISCLOSURE

Confidential Information Includes:

- Business logic and proprietary features
- Technical specifications and implementations
- Database structures and relationships
- User interface designs and workflows
- Integration methods and API keys
- Business strategies and client information
- Any proprietary Cohtrix Empire information

Confidentiality Obligations:

- ✅ Strict confidentiality maintenance (indefinite duration)
- ✅ No disclosure to third parties without written consent
- ✅ Secure storage and handling of all project data
- ✅ Encrypted communication for sensitive information
- ✅ Secure deletion of confidential data upon project completion

Portfolio Usage:

- ❌ **COMPLETELY PROHIBITED:** Any reference to FunnelsEye project in portfolios or professional profiles
- ❌ **PROHIBITED:** Screenshots, UI mockups, or visual representations of the platform
- ❌ **PROHIBITED:** Disclosure of specific features, business logic, or AI agent functionalities
- ❌ **PROHIBITED:** Detailed descriptions of MLM structure, automation workflows, or proprietary algorithms
- ❌ **PROHIBITED:** Client information, business model details, or strategic implementations
- ❌ **PROHIBITED:** Code samples, database structures, or technical architecture specifics
- ❌ **PROHIBITED:** Revenue models, pricing strategies, or business intelligence features
- ❌ **PROHIBITED:** Any mention of health coaching, SaaS platform, or automation capabilities related to this project
- ❌ **PROHIBITED:** General references to enterprise-level development work for this specific engagement

---

📅 PROJECT TIMELINE & MILESTONES

Timeline Overview:

- **Total Duration:** 4 Months (16 Weeks)
- **Hard Deadline:** August 30, 2025
- **Critical:** Time is of the essence

Phase Breakdown:

🔷 Weeks 1-4: Foundation Phase

- System architecture and planning
- Development environment setup
- UI/UX design completion
- Technical specifications finalization

🔷 Weeks 5-10: Core Development Phase

- Authentication system development
- Dashboard and UI implementation
- Database development and API creation
- Integration framework setup

🔷 Weeks 11-16: Final Development Phase

- Complete feature implementation
- Comprehensive testing and bug fixes
- Documentation creation
- Deployment and knowledge transfer

Progress Reporting:

- ✅ Weekly progress reports every Friday
- ✅ Monthly comprehensive status updates
- ✅ Immediate communication of any delays
- ✅ Regular milestone verification meetings

✅ QUALITY STANDARDS & ACCEPTANCE

Code Quality Requirements:

- ✅ Industry-standard best practices
- ✅ Clean, maintainable code structure
- ✅ Comprehensive inline documentation
- ✅ Consistent coding standards
- ✅ Proper error handling
- ✅ Optimized performance

Functional Requirements:

- ✅ All specified features fully functional
- ✅ Intuitive user interface design
- ✅ Accurate data processing
- ✅ Reliable third-party integrations
- ✅ Graceful error handling
- ✅ Responsive design across all devices

Performance Standards:

- ✅ Page load times under 3 seconds
- ✅ Optimized database queries
- ✅ Efficient resource utilization
- ✅ Scalable architecture

- ✅ Stable performance under load

Security Requirements:

- ✅ Protection against common vulnerabilities
- ✅ Secure authentication mechanisms
- ✅ Encrypted data transmission
- ✅ Regular security assessments
- ✅ Data protection compliance

Acceptance Process:

- ✅ Comprehensive acceptance testing by Cohtrix Empire
- ✅ Written approval required from Sourabh
- ✅ Correction of non-compliant deliverables at no cost
- ✅ Final acceptance triggers payment release

🛠️ SUPPORT & MAINTENANCE

90-Day Complimentary Support Period:

- ✅ Bug fixes and issue resolution
- ✅ Minor adjustments to existing functionality
- ✅ Platform feature clarification and assistance
- ✅ Technical support for administrative functions

Support Response Times:

- **Critical Issues:** 4-hour acknowledgment, 24-hour resolution
- **Non-Critical Issues:** 24-hour acknowledgment with timeline
- **General Support:** Standard business hours response

Support Scope Limitations:

- ❌ Issues from unauthorized platform modifications excluded
- ✅ **New feature development** - Available as paid service with separate quotation
- ✅ **Significant functionality modifications** - Available as paid service with detailed scope
- ✅ **Additional third-party integrations** - Available as paid service with cost estimation
- ✅ **Platform enhancements and upgrades** - Available under separate paid agreements

Extended Support Options:

- Available under separate agreement

- Subject to mutual negotiation

- Defined scope and pricing structure

- Optional ongoing maintenance contracts beyond 90-day period

---

⚖️ LEGAL PROVISIONS

Default & Termination:

Default Conditions:

- Failure to meet agreed milestones

- Substandard work delivery

- Confidentiality breach

- Material agreement violations

Termination Process:

- Immediate termination for confidentiality breaches or IP violations

- Immediate termination for material agreement violations

Liability & Indemnification:

- ✅ Liability limited to total contract value

- ✅ No consequential or indirect damages

- ✅ Development team indemnifies client for IP infringement

- ✅ Professional standard warranty provided

Dispute Resolution:

- **Governing Law:** Haryana State, India

- **Primary Resolution:** Good faith negotiation

- **Secondary Resolution:** Binding arbitration

- **Cost Recovery:** Prevailing party recovers legal costs

Miscellaneous:

- ✅ Agreement represents complete understanding

- ✅ Modifications require written consent

- ✅ Invalid provisions severable

- ✅ Independent contractor relationship

- ✅ No assignment without consent
